

We are excited to bring you a new online program registration calendar. Not only will you have access to Tappan's event calendar, we have created a shared event calendar with the other So. Orangetown libraries. This new feature will give you the ability to see what is happening at all of the libraries in a single spot. If you need help navigating the new registration format, please do not hesitate to call us.

Tutor.com is now available to all of the So. Orangetown community. This is a FREE, live, one-on-one tutoring service covering many subjects and test prep. We have made this available to you from noon to midnight. Additionally, Tutor.com offers ACT/SAT prep from Princeton Review. If you or your student needs some extra help, give it a try this school year! And don't forget to register for your library card! It is the most valuable back to school supply you can get!
